

# REDD+ FOR THE GUIANA SHIELD COP21 PROGRAM

A delegation from the Guiana Shield is in Paris during COP21. We are here to share results of our regional technical collaboration project **REDD+ for the Guiana Shield** and exchange experiences with other initiatives. We hope to make contacts that will strengthen our efforts to improve the management of forest and natural resources in our eco-region.

## WHEN TO MEET US ?

SATURDAY  
**05/12**  
13h - 15h

### **REDD+ for the Guiana Shield an example of decentralized cooperation**

A presentation featuring our project among other examples of decentralized cooperation. This is part of an initiative by Association des Régions de France - ARF, showcasing the diversity of decentralized cooperation to meet the climate challenge.

2

GRAND PALAIS  
Solutions COP21, Local  
Authorities Pavilion

MONDAY  
**07/12**  
12h - 13h

### **REDD+ for the Guiana Shield Building knowledge to preserve an eco-region**

Concrete results of the project are in focus in this presentation of outputs, including a collaborative study to monitor gold mining in the Guiana Shield. A panel of representatives from different partner countries discuss the usefulness of the project results, followed by interaction with the audience.

1

PARC DES EXPOSITIONS  
PARIS LE BOURGET  
Pavillon 'Solutions  
fondées sur la Nature'

TUESDAY  
**08/12**  
09h - 14h30

### **REDD+ for the Guiana Shield 6th and Closing Steering Committee Meeting (Invitations only)**

During this meeting an overview of the whole project implementation will be provided, with a detailed review of activities in the last 6 months. This meeting will be the time to discuss whether or not initial project objectives have been reached, how and why, including within the perspective of further collaboration that will also be discussed.

3

JARDIN TROPICAL  
ONFI HEADQUARTERS  
NOGENT-SUR-MARNE

WEDNESDAY  
**09/12**  
10h30  
11h30

### **Prospects for future collaboration in the Guiana Shield eco-region**

The REDD+ for the Guiana Shield project was successfully implemented in 2013-2015, and partners express strong willingness to keep working together. Join us for some coffee and discussion about future opportunities for technical collaboration to improve forest management and land-use planning in the Guiana Shield.
